NEWS FROM OUR MEMBERS

From former RAC President Jack Nixon:

Gentlemen: We are possibly going to get involved in making a barrel of our own Right Angle wine at The Wine Room in Cherry Hill. The is in the very early planning stage. The process takes about six months and will involve around four road trips amongst the folks who are doing this. The trips involve crushing whatever grapes we choose as well as pressing, racking, bottling. I am looking for a count of people who might be interested in this unique experience. John Wetzel and I, and our wives, will be at the March evening buffet and can answer your questions.

Cheers !
Neale Bringhurst
