THIS IS AN EVENING BUFFET MEETING.
Bring guests who might enjoy Right Angle membership |
| 29 | GOOD FRIDAY - No Meeting | |

We welcomed **Gregory Prichard** as our February 22 presenter. Unfortunately, his bio and topic were unavailable when we last went to press, however, I did want it included in our website archives: Greg was graduated from Carnegie-Mellon University and from Cornell University with degrees in Industrial Design and Historic Preservation Planning respectively. He is also a VP of Keystone Marker Trust, which works with the PA Dep't of Highways in preserving these unique informational signs at important intersections and at the entrances to major towns.

New Right Angle Members Please Welcome:

Thomas D. Bielli, Esq. (active member), attorney, who practices in Philadelphia with O' Kelly, Ernst & Bielli LLC. He was graduated from California State University and Widener University School of Law.

And

Stephen Clowery (affiliate member), retired as a Lt.-Col. U.S. Army Military intelligence, and as a systems engineer with Lockheed Martin. Steve majored in French and enjoys fly fishing and photography.

Cheers,
Neale Bringhurst
