

Things have been rocking and rolling at Right Angle recently. Unfortunately it's not that our 3rd VP has been scheduling concerts instead of speakers, it's instead some ill-timed construction going on above our meeting room. The pyramid club has assured us that they are working to make sure it doesn't happen again, will this be the cause of the first time we won't be able to say "And all is well at Right Angle"??

Only time will tell!

Please send any club member news, or other announcements, to rightangle1922@gmail.com and it will be included in the monthly newsletter.
