

FOUNDED 1922

Our spring weather in Philadelphia seems to be having trouble getting itself started. The end of April is more like the end of March. But at Right Angle we are looking forward to May and the fair weather to come. Soon we will be dancing the mid-day away while on our Spring Fling booze cruise on the Delaware, I've been told the brunch buffet will run the entire beam of the boat, and the bar will be stocked up to the standards of even the most soaked sailor. Attendance at Right Angle is at levels not seen for many years, and new members are regularly being added, everyone is encouraged to bring out a friend, co-worker, or even the choice enemy and share the Right Angle experience with them. Finally, apparently there was a recent primary election in the State of PA, I'm glad to announce that our ballot question carried the day with an astounding 99.9% voting in agreement that All is Well at Right Angle!

Please send any club member news, or other announcements, to rightangle1922@gmail.com and it will be included in the monthly newsletter.

THE RIGHT ANGLE CLUB May 2016 - FRIDAY SPEAKERS SCHEDULE

May 6th - Deborah Dullen, [BioTraceIT-600](#) Billion Dollar Question

Topic: How Pain became a major crisis/how the body processes pain/solutions

May 13th - No Luncheon. Due to [Spring Fling on Sunday 5/15](#)

May 20th - Maria Sturm Vice President of Culture and Heritage

Topic: 250 Years and Counting-[German Society of Philadelphia](#)

May 27th - No Luncheon. Due to Memorial Weekend

Note: April 1st speaker - Bill Borton - was energetic and engaging in his speech, and he met his goal, which was to entertain us and educate us about his worthy annual endeavor on behalf of Wounded Warriors. While Bill's goal was not to solicit us, I wanted to pass this along in support of the Wounded Warriors on Bill's behalf to our Club members - RA Member **Scott Inglis**

Face of America, an inspiring, two-day, 110-mile bicycle and hand cycle ride to the historic Civil War battlefields of Gettysburg, Pennsylvania. This annual ride from national non-profit World T.E.A.M. Sports honors our injured military veterans and includes more than 170 veterans, active-duty military and civilian participants with injuries ranging from amputation to paralysis to blindness to post-traumatic stress and traumatic brain injury.

Held each year since 2006, the Face of America is one of the largest non-competitive bicycling events in the Washington, D.C. area. In 2015, 600 riders participated in the ride - many of whom came from across the United States and Canada.

I'd like to ask you to support me in this year's ride through your generous financial donation. Each able-bodied participant is riding in support of the injured veterans, and raising money to cover the costs for the ride, and to support upcoming events from the non-profit World T.E.A.M. Sports. Donations and sponsorship funding provide opportunities for military and civilian athletes with disabilities to join remarkable outdoor adventures - these range from the annual Adventure Team Challenge in the high Rocky Mountains of Colorado to the Coastal Team Challenge along Long Island, New York, where developmentally-disabled teens and young adults paddle sea kayaks on a two-day journey. At all World T.E.A.M. Sports events, persons with disabilities participate at no cost.

As a registered 501(c)(3) not-for-profit organization, contributions to World T.E.A.M. Sports are tax deductible, provided you meet the IRS criteria and maintain certain records. (A relatively simple explanation of IRS requirements can be found at IRS Tax Tip 2010-60). World T.E.A.M. Sports sends donation receipts to all contributors to aid in this process. For questions regarding the tax or legal aspects of your donation, I encourage you to contact your legal or tax adviser.

Thank you very much for your consideration.
