

Autumn had arrived, my favorite season, the leaves will turn, the temperature will cool, and all of the best food holidays are approaching, with the notable exception of Easter and it's traditional Lamb.

Our fall season is well under way and we are looking at an engaging lineup of speakers this month with the final lunch being our much anticipated Ladies lunch (10/28). I very much encourage everyone to bring a special lady, or ladies, in your life to our lunch.

Now don't worry I'm not suggesting you let the secret out of the bag when I say "ladies"!

Instead this time around why don't we each consider bringing not only our significant other but also any other special ladies in our lives, daughters, grand daughter's, nieces, etc.

I hope to see you all at Right Angle in October.

THE RIGHT ANGLE CLUB **October 2016**
